Survey Superintendent's Office

Bangalore 16th January 1896

The Revenue Secretary to the
Government of Mysore

Sir,

I have the honor to ac-
-knowledge receipt of your letter
No. 5476 dated 12th December
R 799-93
1895 on the subject of classi-
-fying the wet lands under
the left channel of the Borad
-kanve

Kaudua Reservoir.

2 I can of course give orders at once to have the partial classification in question carried out, it is only because it would be partial, leaving a great deal to be done hereafter, that I recommended a temporary rate of Rs 3 per acre till such time as the lands concerned

-cerned should be nearly all
brought under irrigation when
the classification would be
more complete and satis-
-factory.

3 I do not quite under-
-stand how classing the
4 15. 18 of dry land for which
water has not yet been taken
would expedite the utilization
of the water by the Ryots as
suggested by the Deputy
Commissioner

Commissioner in the concluding
Para of his letter. I presume
however that what the Deputy
Commissioner means is that
if classed as wet the Ryots
would be obliged to pay the
Survey wet rates imposed
whether they took water or not.
If this is the correct view of
the case I will have the
classification carried out as
soon.

soon as possible of the lands
under the left channel and
of those under the right
channel too as far as possi-
-ble. Soliciting instructions
on the above question.

I have the honor to be
Sir
your most obed't Servant

Supt. Olympic Revenue
Survey
